

SeeSaw

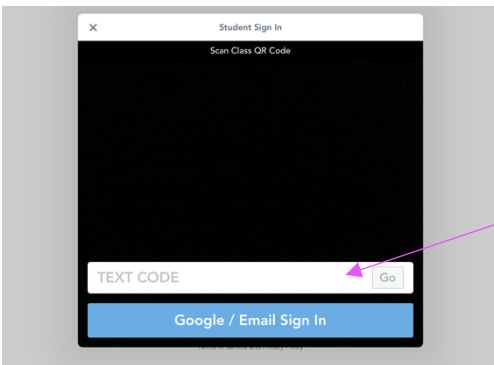

User Information Guide

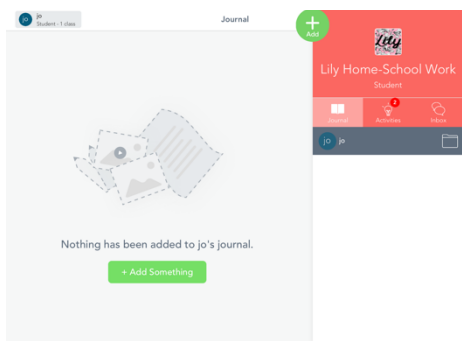

Click I am a student.

[Families, get the Seesaw Family app!](#)
[Terms of Service and Privacy Policy](#)

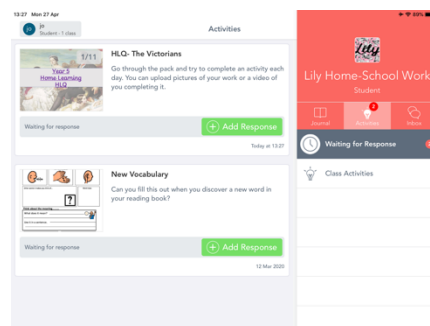

You will then see this screen type your child's code in this box.

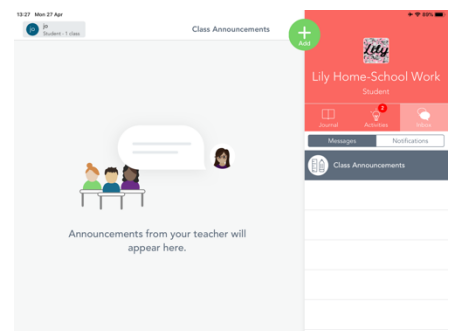

Journal

This is where you will be able to see your saved work.

Activities

This is where you will be able to see work that has been set.

Inbox

This is where you can see a message from your teacher.

There are two options for children when presenting their work. They can write onto the assignment. Or they can create their work separately and upload a photo or video.

To add to assignment

Click add response

Now you can add a page to present work or write on something that is already there.

For adding your own work or image.

Choose what you are uploading.

Add text to image

Add voice note to image

Add photo to image

Add to folder indicating what home learning pack it is. Then press the tick to upload.
