# **COVID catch-up premium report Chesterfield Primary School**

# COVID catch-up premium spending: summary

| SUMMARY INFORMATION            |         |  |     |  |  |
|--------------------------------|---------|--|-----|--|--|
| Total number of pupils:        | 630     | Amount of catch-up premium received per pupil: | £80 |  |  |
| Total catch-up premium budget: | £50,400 |  |     |  |  |

### STRATEGY STATEMENT

At Chesterfield Primary School all of our staff strive to achieve the best outcomes for every pupil through quality first teaching. We invest in high quality training for all staff to ensure teaching and learning is of a consistently high quality for everyone, however we recognise that school closures have had a significant impact on many pupils at our school. Although we receive funding on a per pupil basis, we will use the sum available to us as a single total to prioritise support.

#### The overall aims of the catch-up premium strategy:

- To reduce the attainment gap between your disadvantaged pupils and their peers
- To raise the attainment of all pupils to close the gap created by COVID-19 school closures

#### Catch up premium priorities:

- To ensure a coherently planned and sequenced Impact Reduction Curriculum
- To use assessment effectively to identify gaps and lost learning particularly in reading, writing and maths
- To use intervention effectively to recover lost learning
- To deploy DHT/AHTs to ensure pupils who need it, have access to small group tuition
- To ensure remote learning is high quality, safe and aligns with in-school provision

Core approaches that contribute to supporting catch up priorities:

- Identify pupils that will benefit most from the funding
- Small group tuition (Through targeted support led by senior staff)
- Purchase high quality intervention resources according to the needs of the pupils identified
- Purchase of high quality digital programs/platforms in order to ensure remote learning is high quality
- Invest in quality CPD for staff

## **Barriers to learning**

| BARRIERS TO FUT | BARRIERS TO FUTURE ATTAINMENT  |  |  |  |  |  |  |
|-----------------|--|--|--|--|--|--|--|
| Academic barri  | ers:   |  |  |  |  |  |  |
| EAL             | For our pupils who use English as an additional language (EAL), barriers to accessing the curriculum stem from the difficulty to learn new content in our language rich curriculum, due to the language barrier. At Chesterfield , the percentage of pupils who are EAL is 57%.  |  |  |  |  |  |  |
|                 | While on the journey towards English language proficiency, support is needed to ensure that any potential English language barriers are minimised and that pupils using EAL are able to participate in classroom activities on a par with their peers.   |  |  |  |  |  |  |
| SEN             | At Chesterfield the percentage of pupils who have special educational needs (SEN) is 20.2%. In our school, our SEN pupils have many different needs that are supported in many different ways. Our data however shows that they do not make accelerated progress, and therefore need additional support.   |  |  |  |  |  |  |
| Pupil Premium   | <ul> <li>The needs of our pupils at Chesterfield that are eligible for the Pupil Premium (PP) grant are vast and unique.</li> <li>They range from: <ul> <li>Low attendance</li> <li>Wellbeing, confidence and engagement</li> <li>EAL</li> <li>SEN</li> </ul> </li> <li>The percentage of pupils that are Pupil Premium at Chesterfield is 50%.</li> </ul> |  |  |  |  |  |  |

| ADDITIONAL BARI                 | ADDITIONAL BARRIERS   |  |  |  |  |  |  |
|---------------------------------|---|--|--|--|--|--|--|
| External barrier                | External barriers:  |  |  |  |  |  |  |
| Low attendance                  | It is well documented that absenteeism in nursery and EYFS is associated with negative year 1 outcomes such as greater absenteeism in subsequent yes<br>lower achievement in reading, mathematics, and general knowledge. Research shows that attendance is an important factor in pupil achievement and<br>attainment.   |  |  |  |  |  |  |
| Access to<br>technology         | Pupils' access to technology has been an important factor affecting the extent to which they can learn effectively at home. In particular, lack of access to technology has been a barrier for many disadvantaged children. As all pupils return to school technology could also be valuable; for example, by facilitating access to online tuition or support. |  |  |  |  |  |  |
| Lack of support<br>from parents | At Chesterfield many of our parents are unable to support their children at home due to varying factors.  |  |  |  |  |  |  |

# Planned expenditure for current academic year

The Education Endowment Fund (EEF) has provided early research evidence around projections for the impact of school closures during lockdown, predominantly on the impact for disadvantaged pupils. The school's strategic response to devising and implementing the Catch- Up programme fully takes these findings into account.

| Quality of teaching for a  | all  |  |   |                        |                            |
